Luc Nelson Joins Amercanex Team

Amercanex welcomed a new member to our Executive Team. Luc Nelson joined as the Executive Vice President of Merchant Processing Solutions.

Luc has more than seven years of experience working in compliance, banking and payment processing solutions for the cannabis industry. He previously managed several NGO projects providing services to communities in California.

He has worked in a number of aspects of the cannabis industry, including helping to ensure California collectives were fully in compliance with existing state laws and standard operating procedures before focusing on banking solutions and payment processing for the industry. During this time, Luc built relationships with multiple banks and processing entities.

Luc then began consulting with a variety of organizations, advising investors on opportunities in the industry, managing the running of several companies and handling the applications of groups applying for recreational licenses. He currently owns two companies and is in the process of starting a non-profit organization.

Upcoming Industry Conferences

Amercanex is excited to take part in a number of upcoming conferences and events in the cannabis industry.

On October 26, our CEO Steve Janjic and VP of Legislative Affairs Elaine Geller will be guest speakers at the Second Annual Cannabis Law, Accounting and Business Conference in Weston, Florida. The expo will host influential leaders, political figures and prominent individuals in the industry.

The following month, Amercanex will be a part of the MJ Biz Conference in Las Vegas. This major conference features thousands of attendees and prominent guest speakers.

From December 9-10, Amercanex will attend the Emerald Cup

in Northern California, the longest running cannabis event in the United States. The event features live music, cannabis businesses, growers and manufacturers from all over the country.

A Message from the CEO

Since our inception in 2014, Amercanex has created close relationships with farmers, distributors and manufacturers in Northern California. Our hearts go out to all those affected by the deadly wildfires in Napa, Sonoma and Santa Rosa Counties.

If you are interested in helping those affected, we would like to offer three organizations who we have donated to. These include the CalGrowers Wildfire Relief Fund, Soil King Garden Center donation site and California Professional Firefighters' Fire Foundation. All three links can be found on our website, www.amercanex.com.

We have seen so many devastating natural disasters over the past few months. In these times of need, we draw strength from the help and support from our community. Thank you all.

Sincerely,

Steve Janjic, CEO

New West Summit

Amercanex attended the New West Summit in Oakland, California. This cannabis tech conference focuses on “game-changing developments in technology, investment and media within the cannabis space.” The event was held from October 13 to 15 at the Marriott City Center.

Spotlight On: Robert Mercorella, Chief Operating Officer

Robert Mercorella, an experienced financial services and business development executive, joined Amercanex as our new Chief Operating Officer. He brings a depth of knowledge based on past experiences that will help the Executive Team achieve strategic goals and initiatives.

Robert previously worked in the Wealth Management Sector of Citigroup and Morgan Stanley. He was the US CEO of the exchange firms Advanced Currency Markets and the practice market lead for Accenture’s Global Capital Markets Industry Program. As Senior Vice President for a major international financial services firm, he championed a successful new business line involving a high-velocity trading platform.

As Senior Vice President at Adirondack Trading Partners, Robert helped launch

the International Securities Exchange. He also served as a Director of Client Services and Investor Relations at the global asset management firm Bridgewater Associates.

Robert began his career working at the distinguished law firm Schulte Roth & Zabel LLP. He is a graduate of Fordham Law School, The London School of Economics and Colgate University.

A father of four children, Robert is an avid golfer and tennis player. He believes in the continual pursuit of knowledge, learning about the latest technology and taking on new projects and activities.

Legislative Updates

Amercanex VP of Legislative Affairs Elaine Geller has had a busy month visiting congressmen in the nation's capital, speaking at conferences and working on legislation to increase access to cannabis in Florida.

Elaine visited Senator Jeff Merkley (D-OR) and several congressmen and staff members in Washington, DC. During these meetings, they discussed current laws and regulations affecting cannabis and the future of legalized marijuana.

On October 25, Elaine will be on the panel of the American Cancer Society's Cancer Action Network South Florida

Policy Forum. The forum, which will be held at Broward University, will address improving access to care for cancer patients.

Elaine will also be speaking with CEO Steve Janjic at the Second Annual Cannabis Law, Accounting & Business Expo on October 26.
