Amercanex Platform Roll Out

Amercanex is excited to announce we will be rolling out ACEExchange and ACEpay to both of the California and Colorado markets this quarter.

ACEExchange is the breakthrough solution for tracking the wholesale purchase and sale of licensed cannabis. It operates at the wholesale level; all transacting members of the marketplace are licensed stakeholders, growers, manufacturers and retailers competing for the best pricing and products on a transparent platform.

ACEEXCHANGE

ACEPAY

ACEpay, powered by Verterpay, is a revolutionary cash and management system created for cannabis industry participants who have traditionally had difficulty obtaining banking services. Now, for the first time in history, an online marketplace gives participants the ability to deposit cash, pay bills and taxes, and accept payments inside and outside the cannabis industry.

To learn more about these platforms, contact the Sales Team at info@amercanex.com.

A Message from the CEO

I was privileged to be asked to speak at the 4th annual Cannabis World Conference and Business Expo on e-commerce and e-wallet solutions for the cannabis industry.

Over the past five years, the cannabis market has experienced growth nearly unparalleled in any other industry. This April, a CBS News poll found 61% of Americans believe marijuana usage should be legalized and Quinnipiac reported 94% of American voters support the use of marijuana for medical purposes. The legal cannabis industry is reported to be worth around \$8 to \$10 billion and unregulated cannabis is estimated to be \$100 to \$200 billion. These numbers have been steadily increasing each year.

The sheer number of attendees, vendors, and investors at Cannabis World Conference was extraordinary, demonstrating the interest and support surrounding the cannabis industry. I'd like to thank everyone I met and wish them luck in this exciting venture.

Regards,

Steve Janjic, Amercanex CEO

Amercanex Team at Cannabis World Congress

On June 15, Amercanex CEO Steve Janjic was a presenter at the Cannabis World Congress in New York.

The event featured high-profile exhibitors, prominent business leaders and speakers in the private and public sectors who are helping shape the policies and expand the cannabis marketplace.

The event showcased Amercanex's new trade show booth and marketing materials. Steve Janjic gave an exclusive interview to Fox News anchor Jesse Watters, who covered the conference.

Amercanex was a sponsor of the event, and a large number of team members and board members attended the cannabis conference.

World Congress & Business Expo (cont.)

The team members included Head of Operations Adam Martin, Chief Operating Officer Mike Herron, President Dennis Garces, Chief Compliance Officer Steven Ferrara, Chief

Technology Officer Marc Asselin, Chairman Richard Schaeffer, Board Advisor Tim Petrone, VP of Sales Robert Ruiz, VP of Operations Lisa Hopkins, VP of Business Development Edward Asensi, Director of Communications Erica Reilly, Operations Associate Christina Toyota, Government Affairs Liason Rick Dykstra, and Sales Representatives Andrea Fasoli and Casey Papke.

Spotlight On: Christina Toyota, Operations Associate

Christina Toyota recently joined the Amercanex Denver office as the Operations Associate. In this position, she helps manage sales, IT and marketing in the Denver office.

A native of Queens, Christina moved to Dallas when she was 16. She began working in fashion and design for U*Knits, Inc. and Landmark International. In Texas, she first became interested in yoga and became certified in Bikram and Hot Method Yoga.

Christina moved to Colorado in 2013, where she continues to teach Bikram

Yoga. She also began working in graphic design, creating graphics and websites for clients.

Christina's range of skills and talents are well suited for managing all areas of Amercanex. She enjoys yoga, culinary arts, painting and ceramics. Recently married, she lives with her husband and two cats in Denver.

Government & Regulatory Affairs

This month, the Florida legislature passed new rules for medical marijuana. Amendment 2, the voter approved constitutional amendment passed in November, is expected to make Florida one of the nation's largest medical marijuana markets. Governor Rick Scott is expected to sign the legislation into action. Florida is one of 29 states with provisions for medical marijuana use.

Chief Operating Officer Mike Herron and Legislative Affairs Vice President Elaine Geller will be attending a Democratic Workshop Weekend where they will be meeting with many local and national politicians.

Former Vice President Joe Biden will be the guest of honor at a special dinner. The workshop will allow Amercanex to speak with Congressmen, Senators and essential staffers about the many advantages our software platforms offer regulators in tracking, monitoring and taxing the cannabis industry.
